- Write down your ideas or your vision for a successful online business
- Describe your target audience
- Order a domain name and [web hosting](#)
- Write a list of blog post ideas you've had in the back of your mind
- Set up social media pages on Facebook, Youtube, Twitter or others
- Join some online groups and forums based on your niche topic
- Follow this website and sign up for the newsletter
- Sign up for an Amazon affiliate account
- Sign up for Google adsense
- Sign up for Clickbank
- Once you have a domain and hosting:
 - Install [WordPress](#) and plugins
 - Start writing blog posts based on your ideas above
 - Install a [custom theme](#) and/or hire a designer to customize further
 - Share blog posts on social media
 - Engage with others interested in your topic and tell them about your website
 - Place Amazon, Clickbank or Adsense ads on your site
 - Sign up for Aweber or Mailchimp and start a newsletter
 - Create products to sell:
 - Ebooks
 - Online courses
 - Audio podcasts
 - Start selling your products.
